Mu Chapter of Sigma Pi Fraternity at Cornell University

ITHACA, NEW YORK

SPRING 1987

*The years have taken their toll on our lovely house. Your continuing support will help us fund needed repairs.*

## Treasurer Seeks Additional Funds For House Repairs

I am pleased to report that the current active brothers and pledges are paying their bills on time, and the current accounts payable are being taken care of (things like food, heat, mortgages, taxes, insurance). However, we are unable to fund any serious capital improvements to the house. Let me take this opportunity to outline some of our most urgent needs.

About one-third of the West Lounge ceiling is totally rotted out. This will require approximately \$3,000 to repair. The second-floor bathroom needs new plumbing. A small portion of the front porch has collapsed due to age. This will cost \$1,000-\$2,000 to repair. We would also like to provide the West Lounge with some good, sturdy furniture. A brand new problem just cropped up; it appears that we have a broken waterpipe that will need to be repaired or replaced. The front door, which was

replaced a year ago, is broken due to poor installation. We are going to try to get the contractors to fix it at no cost, but it could cost up to \$1,000 if they don't believe that faulty installation was the cause. For all of these things, active brothers' dues are just not adequate.

We need help from our alumni. I am not sure if all of you are aware that money that is sent to National does not filter down to us. We see none of the money that is sent to National. Of course, our annual voluntary alumni contribution program, the Sigma Pi Alumni Fund, brings in income to support the cost of our alumni relations efforts, including *The Muse* and promotional materials for events such as Dolly's roast and Homecoming. Amounts contributed annually have been increasing (thanks to

### Bands Play At House Parties

Socially, things have been going well at the Pi-house. I've been trying to bring back the traditions that seemed to be getting away from us a little in the last few years. The rock-'n'-roll tea will be a definite this year (although no alcohol will be served). Alumnus Brian "Pot Pie" Schimmoller '86 told me, "The prospect of having a 'dry' rock-'n'-roll tea is rather sobering" (duhh-hurpp), but the party should be amazing.

Although dealing with the new drinking age of 21 and the university's subsequent alcohol policies has been different, things have been going quite smoothly. Despite a limited budget, we've had some type of function every weekend. There has been a cry from the masses for improved sorority relations. We've had parties with Alpha Chi Omega, Kappa Delta, Kappa Alpha Theta (on the sand), Alpha Gamma Delta (my personal favorite), and Alpha Epsilon Phi from Binghamton, and many more are expected. Nutty alumnus Charlie Bevilacqua '86 came up from the Binghamton weekend with Chris Selland '86 and enjoyed it greatly.

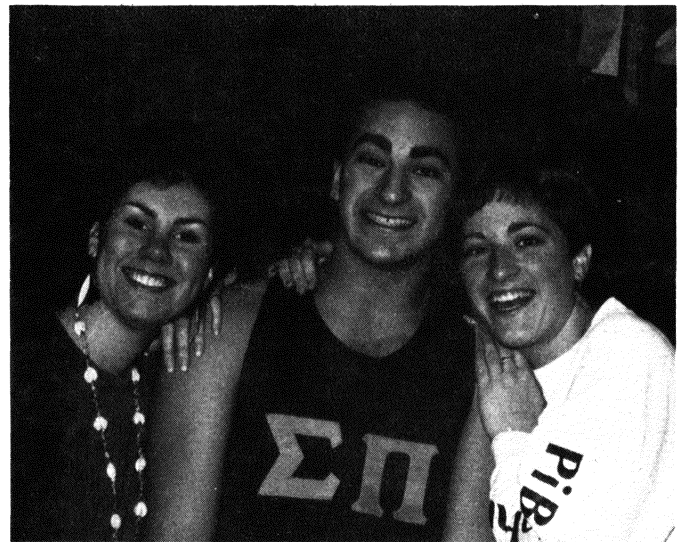

We've also had some great bands play at the house. Group Effort (led by Brothers Howie Glatzer '87 and Richard Lobovsky '87) put on a great show; SWAMMP, the reggae band for the beach party, was a new twist for the Pi-house, and the Certified Blues Band is playing at our joint party with Alpha Tau Omega (similar to the party created by Bill Hoppin '85 a few years ago).

I hope to see many alumni return to enjoy the spirit of the Pi-house in the near future.

Stu Strumwasser '88  
Social Chairman

From left to right: Eric Kabot '89, Steve Scherzer '89, Steve Simms '89, and Gary Rezak '89 enjoy the sun, sand, and suds at the beach party.

Michael "Prince" Najjar '88, who is studying farming, enjoys the rewards of his strenuous labor.

### Brothers Enhance Kitchen

Greetings to everyone from "the Doll" and your loving kitchen staff. Kitchen activities are running smoothly this semester. Bill Freedman '89, my assistant, and I are monitoring the kitchen and all of its jobs closely to keep it clean and orderly. We're happy to report that we inherited a smooth operation from former Steward Lloyd "Svelte" Robinson '87, and we are confident that we can maintain this excellence. However, Dolly claims that the kitchen's success is due to his "culinary expertise." (He may be losing his hair, but he's not losing his wit.)

There have been some unbelievable additions to the kitchen. Not only have we returned to Monday night Barm (due mainly in part to the constant requests of "Luther" Rothenberg '87) and pickles with Doll's Dell, but we also have a new, state-of-the-art toaster oven for that morning toast. Also, we recently had the hood/exhaust system steam cleaned. This not only reduces our risk of fire but makes Dolly's cooking smell even better while we're walking down the hill.

Bruce Kornfeld '89  
Steward

### Treasurer, continued

loyal alumni support), but *much more needs to be done* before we can fund such substantial repairs as those described above.

Finally, we have outstanding alumni receivables—in large part from alums of the last five years—in the amount of *more than \$20,000*. Needless to say, this money would really be a big help in our current situation. We plan to start a major drive in April to collect these outstanding bills. Once this drive is completed, all remaining bills will be forwarded to the Ithaca Credit Bureau.

In summary, the house is doing well. But we do need help with some major improvement problems. We love our Pi-house and wish to see it maintained and upgraded from time to time. We would appreciate your continuing support, either through a contribution or through payment of your outstanding bill. Thanks very much.

Bob Pearl '88

## Spring Weekend Approaches

For all of you alumni, there are few pieces of information that are worth hearing about. A notice and sign-up form will be arriving shortly regarding Spring Weekend, which is scheduled for May 8-10. Instead of the traditional road rally, I've changed the format. We will be sponsoring a round robin softball tournament. On Saturday, we are all going to head up to Jessup Field with food and drink and enjoy a day out on the ballfield. Teams will consist of graduated classes, with the undergraduate brotherhood filling in where needed. The class of '85 has proclaimed itself the winner, so I'd encourage all of you "younger fellas" to get in touch with your classmates and show these guys up.

We've had an exciting semester and have many more amazing events yet to occur. We encourage alumni to drop in some time and visit. Most recently, Paul Aarnio '65 dropped by, all the way from Texas. He reported that his two children, Gene and Amber, are doing very well and are looking forward to careers at Cornell (even though they are both younger than 13).

If you need any information about events, don't hesitate to give me a call. My number is 607/272-0748, or you can call on the house phone, which is 272-8767. It's been great writing to you, and I hope to see you in the near future.

Jeff Borgida '88  
Alumni Secretary

## Sigma Pi Pledging Returns To Traditions

Pledging in 1987 has seen a return to the old traditions. What could be more appropriate in retaining the foundation upon which the original Pi-house was built than starting from the beginning? This year, with the help of all of the active brothers and 16 pledges, this goal has been met.

A lot of new spirit has returned to the pledging process, which is perhaps the most important part of one's journey to brotherhood. Interviews and Sigma Pi history (both national and chapter) quizzes have become an important part of weekly Thursday night pledge meetings. These meetings have had a nearly perfect attendance record. Most recently, the pledges were more than successful in rallying up all of the annexes to the house at 7:00 a.m. for a rousing breakfast of Bloody Marys and screwdrivers at the annual post-St. Patrick's Day wake-up on March 18.

Such traditional pledge functions and get-ups as the phone seat, phone hat (the duck), work duty, kitchen duty, maps, hot truck run, and, of course, the infamous songs function (ya ho, ya ho, ya ho) have all been incorporated into this year's pledge program. In addition, the pledges are proud to announce the return of the best party on the hill, the rock-'n'-roll tea on April 25. The tea returns after a one-year hiatus.

The final pledge function, the pledge project, is well under way. The group decided that the grotto should be returned to functional state. The pledges are installing permanent electricity and a working sink, insulating the walls, and refinishing the bar—in addition to a number of other repairs and additions. It is hoped that this once revered room will return to its position of importance within the Pi-house.

As you can tell, the pledges are getting more than acquainted with the Pi-house, both socially and functionally. I hope that you share the enthusiasm that I have about the pledge class and hope you can return to Ithaca in the near future to meet our pledges—or, by then, our new brothers!

Jeff Corbin '87  
Pledge Trainer

## Some Brothers Find New Annex In Collegetown For Fall

Greetings from Ithaca. The snow has finally melted, and we are moving quickly through the spring semester. The warm weather has brought on numerous porch functions, with classic rock heard from out of the "new room" and baseballs flying across University Avenue. As I sit here on the porch enjoying the festivities, I will pass on the news of Sigma Pi.

The strength of the Pi-house was once again boosted by the addition of our new pledges. They are coming along under the guidance of our pledge trainer, Jeffrey Corbin '87, and his assistants. We are looking forward to initiating them into the "secrets and mysteries" of Sigma Pi, assuming that their progress continues. The pledges are really a great bunch, and I'm looking forward to living in the house with them next fall.

Many of the neophytes are moving to 626 Stewart Avenue next year; however, the unlucky neophytes who could not find space were forced to find a new annex in collegetown. The existing collegetown annexes will be filled by the many juniors who will be returning from semesters in New York City, Washington, D.C., Phoenix, San Francisco, Dublin, London, and Paris.

Socially, the Pi-house is having a wild year, thanks to the strong effort of our social chairman, Stu Strumwasser '88. Stu has been "getting the psych up," and his hard work and creativity are reminiscent of Bill Hoppin '85. We have been working hard to bring back some of the old parties, while dealing responsibly with the new drinking laws. The beach party was a huge success with the Jamaican band SWAMMP, and rock-'n'-roll tea returns on April 25.

Dolly is doing very well. He is spending a lot of time in the house hanging out with the guys—bowling, of course. Talk of the roast always brings a smile to Dolly's face. He asked me to thank all of you once again for coming and to tell you that the evening meant the world to him.

I hope many of you will come by the house this spring to see Dolly and experience the Pi-house again. Rock-'n'-roll tea is back, and Spring Weekend should be better than ever. Take care and be well.

Michael Weissman '88

# Our Sigma Pi Alumni Write

An assistant director for Dataquest, JOHN R. BOLDT '70 (1540 Kahler Court, San Jose, CA 95132) writes, "Last summer we moved to our present address in the hills east of San Jose. We can often see San Francisco, which is about 40-45 miles away. Barbara Runser, my longtime POSSLQ (the government calls us 'persons of opposite sex sharing living quarters'), received a promotion from the Digital Equipment Corporation to area projects manager, which included relocation from our old home in San Ramon about 35 miles to the north." John informs us that after 12 years in engineering and engineering management, he has spent the last five in marketing and that his newest positions have allowed him more travel time. "In fact, DONALD F. ANDERSON '69 stopped in on his way back from India the night before I left for Hong Kong, Taiwan, and Japan." He has seen several other Pi-men in the past year and provides the following information about them: "MICHAEL M. J. YOUNG '68 still lives in Hawaii; JAMES E. KLOCK '70 lives south of Boston with wife Joanne (whom he met at my wedding *many* years ago) and two kids; PETER A. HELLMOLD '70 lives on Long Island with wife Becky and two kids." John also reports that he still has quite an interest in cars. He adds, "Give my best to Hailstork. I can't believe he has continued to stay at the Pi-house all these years! I have great memories of some special meals, great parties, continually fixing the dishwasher, a couple of food fights, and a bunch of good times."

A father of five ("girl, boy, boy, boy, girl"), ALFRED J. PATANE reports that he works as a district service manager for the Briggs & Stratton Corporation and that he is very proud to be a member of Sigma Pi. Send a warm welcome to Al at 3025 McGarvey Ave., Redwood City, CA 94061.

"I'm going to get my head examined for moving to Ohio from California," writes RICHARD L. CAHOON '77. Dick works as a division manager for the Dunlop Tire Corporation and resides at 18156 W. Bend Dr., Strongsville, OH 44136.

Physician KENNETH T. STEADMAN '59 reports an address of 834 Hastings Rd., Geneva, NY 14456.

An engineer for Celeritek, WILLIAM W. HOPPIN '85 informs us that he resides at 2020 Oberlin St., Palo Alto, CA 94306.

"JOHN MENNELL '82 extended his election losing streak by getting stomped in a race for the Maryland House of Delegates," writes JOHN E. MENNELL '82. "The former herald says that his MILK plan and SPLEP (Sigma Pi Lot Expansion Program) weren't as well received in his election district as they were in the Pi-house. He wishes to thank many Pi-men who poured money into his campaign slush fund—"The Black Hole." Currently enjoying unemployment, he says that anyone with news of a job should not contact him. However, sympathy cards can be sent to 225 Whitmoor Terrace, Silver Spring, MD 20901." John adds that he has seen GERALD B. LEAPE '83.

Reporting an address of Box 56, Darien, CT 06820, DAVID K. DELLENBAUGH '75 writes, "Nice to hear from Sigma Pi. It looks like you guys are very organized, and *The Muse* seems thicker than I ever remember it. Keep on truckin'." David also informs us that he spent three months in Australia, where he was sailing on a boat in the America's Cup eliminations.

After accepting a job with a New York law firm by the name of Shea & Gould, DENNIS P. McNAMARA '83 reports that he will be back in New York in June 1987, in time for the wedding of GARY S. DERCK '81. Dennis invites all Pi-men interested in wresting the Procrasticup Golf Tournament cup from the current championship team of Vernick and McNamara to participate in the 1987 tournament, which "will be held (tentatively) in Myrtle Beach, South Carolina, in the fall of 1987. Losers buy at the 19th hole." Reach Dennis at P.O. Box 4211, Austin, TX 78765.

Writes JAMES H. KEENE III '57, "Was amused at the letter of PHILIP A. THURSTON '61 in *The Muse* about the history of chefs at Sigma Pi. I never knew Dolly, but it appears he is following in a long tradition of very long service to Sigma Pi. Only *three* people have held forth in the kitchen since the 1940s. Fred Willis was with us from just after WWII until approximately 1956. He had a sidekick who worked as houseman. His name was John Goskins. Freddie's cooking was well known and sought after, especially on house-party weekends. John was a singer. The highlight of the Christmas holidays was John's rendition of 'Silent Night.' John looked like and sounded like Nat King Cole. After Freddie, came Mrs. Ripke (referred to in Phil Thurston's letter as a German couple). Mr. Ripke was houseman and was responsible for developing the bank on the west side of the house into a very respectable rock garden. Their full names were Mr. and Mrs. Wilhelm G. Ripke. They were charming people and a real asset to Sigma Pi during the years they were with us." Write to "J.H." at 720 N. 57th Ave., Omaha, NE 68132.

Retiree HOWARD T. CRITCHLOW JR. '36 (9 E. Close, Moorestown, NJ 08057) reports to us that "with Mu Chapter Sigma Pi classmates ALBERT L. BATCHELDER '36 (and wife), WALTER R. BUERGER '35, and FRANCIS R. FOWLER '36 (and wife) also in attendance at the 50th Cornell reunion of the class of 1936 this last June, my wife, Pat, and I had a combined Sigma Pi 50th reunion ball. Everyone appeared to be in good health and enjoying retired life."

Our best wishes to VANCE HARRISON JR. '75, who was married to Nancy Klos on November 27, 1986. Vance informs us that he has been at WXRT for nine years. "Glad to hear of all the success for Hailstork's retirement party." Give Vance a jingle at 785 Rosewood Ave., Winnetka, IL 60093.

**Don't take off  
without sending us  
your new address!**

Write to us before  
you move!  
Our address is

# More Reports From Alums

ERIC F. JENSEN '51, an attorney, informs us that he "married off his younger daughter in California" and has begun teaching as an adjunct professor at Pace University's law school. "Red" adds that he is continuing his work as a labor and commercial arbitrator. Keep in touch with him at 15 Winslow Rd., White Plains, NY 10606.

"Just moved to Florida and couldn't be happier," announces RICHARD W. KUBIAK '68. "Had enough of the cold New England weather. Time to warm my buns in the sun and not on a wood stove." Dick, a pharmacist working for Boca Raton Community Hospital, resides at 950 Meadows Rd., Apt. #203, Boca Raton, FL 33432.

A manager of a technology department at Sandoz Pharmaceuticals, STEVEN L. BERGH '79 reports that he and his family are doing fine. "Peggy and I passed our first anniversary and feel that we still want to be married. We do not anticipate any additions to our family in the near future. You never know, though." Wish "Beta" and Peggy well at 18 Elm St., Morristown, NJ 07960.

JAMES C. FORBES JR. '74, president of Vintage Wine Distributor, writes, "My business recently opened a new warehouse in Columbus, from which we service central and southern Ohio. We now sell wines of distinction to all major wine accounts in Ohio. If any brothers are also in the wine industry, I would be delighted to talk to them. Please call 216/248-1750." Stay in touch with "Casey" at 16229 Snyder Rd., South Russell, OH 44022.

MICHAEL T. LEIGH '52 (12 Gardiner St., Darien, CT 06820) informs us that he saw PHILIPPE J. MOCQUARD '55 and ARTHUR M. JAGGARD '52 in the fall. "Phil, who lives in Madrid, Spain, and manages an extensive hotel and catering business, was in the U.S. on business and meetings in connection with his election to the Cornell Council. A lot had transpired in 30 years, and we caught up on each other's events."

An employee of Preformed Line Products, ROBERT G. RUHLMAN '78 reports an address of 10 Villa Beach, Cleveland, OH 44110.

Congratulations to RICHARD M. FELDMAN '76, who had a son, Jonathan Edward, on November 11, 1985. "Buddha" works as a personnel manager for North American Philips Lighting and reports that he's spoken with YONG SOO HA '76, "who has materialized in New York City and is doing well." Write to "Buddha" at 19 Prosper Way, Washington, NJ 07882.

VINCENT G. CRANE '52 informs us that he has a new address of 330 Picture Dr., Pittsburgh, PA 15236.

From Japan, where he's been working for a year in investment banking for Shearson Lehman Brothers, Inc., JARETT F. WAIT '80 informs us that he's seen fellow Pi-man JAY "Herbie" ERNST '81. "'Herbie' is also employed by Shearson Lehman, working as an equity trader in New York. You can reach him in care of Shearson Lehman Brothers, Inc., World Financial Center, American Express Tower, Sixth Floor, New York, NY 10285." Write to Jarett at Chambre de Nishiazabu 202, 4-14-14 Nishiazabu Minato-ku, Tokyo 106 JAPAN.

An attorney for Pelavin, Norberg, Harlick & Beck, BRYANT L. YOUNG '70 lives with his wife, Betsy, and two young daughters, Kendra and Megan, at 64 Bridge Rd., Box 810, Ross, CA 94957. Bryant informs us that they bought an old house "about twenty minutes north of the Golden Gate and have been fixing it up this past year. I see KEVIN F. FOUNTAIN '68 several times a year when he comes through from Hong Kong, where he's currently living."

Happy father LUC G. CHABOT '80 reports that he has a new baby daughter, Monique. He writes that she is "healthy and growing fast. So far no signs of any of Dad's bad habits or degenerate thought processes." Luc works as an arctic engineer for the Ocean Drilling & Exploration Company. He informs us that he saw ROBERT B. FUCHS '80 during Mardi Gras '87. "There is nothing quite comparable to Mardi Gras anywhere in the world. You have to see it to believe it. Just imagine a brother's banquet but with over one million people in the streets." Contact Luc at 2128 Pine Hurst Dr., La Place, LA 70068. "Please give my regards to Dolly!"

Writes JOHN I. HOLDEN '43, "Retired last June from the surveying and engineering firm of which I was a partner for 20 years and am working there part-time now as an employee. One of my sons is a partner there." John shares with us that he and wife Bernice have lived at their current address (185 Elm St., Southhampton, NY 11968) for 27 years. "We have three children—a daughter and two sons—and also two grandchildren, all of whom live within four miles of us." John sees SAMUEL F. HERRICK '42 often. "We were roommates at Sigma Pi during my junior year." John has also heard from FREDERICK R. HAVERLY '42 and writes, "wished we could have joined him at HOWARD W. HULFORD's '44, but we were already committed to a Hawaii tour. Hope he plans another get-together." John finishes with, "Enjoying retirement—golf, traveling, etc.—and am always glad to get *The Muse* and hear about what's going on at the house."

Currently self-employed as a part-time medical consultant, BRUCE M. MASTON '65 reports that he had a career change and is now a full-time student at Albany's law school, from which he expects to graduate in June 1987. "Future plans include career in malpractice law and medical consultation and litigation." He informs us that JOHN RUMBLE '64 works for the U.S. Bureau of Standards. He wonders, "Whatever happened to Pi-man STEVEN C. PAGE '65 (2716 Asbury Ave., Evanston, IL 60201) and suave TERRY PARKER?" He adds that he has made a transition from ski weeks at Ski-Bunk Lodge to day trips with Sarah, his 13-year-old daughter. He has also been married to wife Lynne for 19 years. Anyone passing through the Albany area is welcome to stop by at 1333 Regent St., Schenectady, NY 12309.

Working as a physician for Cornell University's medical college, GEORGE G. READER '40 reports that he's been with the medical college since graduation, except for two years that he spent with the U.S. Navy in the South Pacific. George is a professor of medicine, a Livingston Farrand professor of public health, and a chairman of the department of public health. In 1985 he was elected to the Institute of Medicine in the National Academy of Sciences and has been a faculty trustee of Cornell University since 1982 and is currently in his last year of term. Write to George at 155 Stuyvesant Ave., Rye, NY 10580.

Here are the 1967 brothers. How many do you recognize?

## Sigma Pi Alumni News From Far And Near

Announces MATTHEW C. KELLY '78, "my wife, Sharon, gave birth to our daughter, Laura Colleen Kelly, on January 14, 1987. I now have the good fortune to love two women at the same time. She is a little sweetheart!" "Kel" works as a manager of restaurant operations for the Culinary Institute of America and writes that he hopes to see KENT G. SHENG '78 and WILLIAM CAVANAUGH '78 on a road trip this spring. "They are threatening to find out whether Ancram really exists." Send congratulations to "Kel" and Sharon at RD #1, Box 3588, Ancram, NY 12502. "All our best to 'the Doll' and all the current Pi-men at the house."

Account executive BRIAN R. P. FITZGERALD '82 writes, "Would like to say hello to THOMAS F. McHUGH '81 (453 Myrtle Ave., Elmhurst, IL 60126) and ask where he's at!" "Fitz" also announces the birth of Beverly Pollack, daughter of ANDREW M. POLLACK '82 and wife Debra. "And to the rest of you fellas—meet me at Bobby V's in Stamford, Connecticut. Later!" Reach "Fitz" at Box 1557, Greenwich, CT 06836.

WARREN R. LEACH '53 (4 Skytop Rd., Edison, NJ 08820) writes, "I have been on a special project since May '86 to work with a coalition of major businesses and non-profit organizations to develop a program called Leadership New Jersey." We quote from a brochure entitled *Leadership New Jersey*, "The goal of Leadership New Jersey is to expand and improve the pool of the state's voluntary leadership. Participants complete the program having developed a network of new relationships with leaders across the state and a deeper understanding of New Jersey's problems, opportunities, needs, and resources." "Skip" reports that he is building a vacation house on land in Pennsylvania that he owns with RICHARD B. FELBECK '53. He also informs us that he and wife Carol have five grandchildren.

Working as a lawyer in an attorney general's office, NICHOLAS T. LONG '68 shares with us that as of January 7, he expected to be chief assistant attorney general for the civil division in the Rhode Island attorney general's office. "Any bright Pi-men lawyers who are bored with simply making money are encouraged to contact me about coming to work. Ditto for law students." Nick also boasts that his first child, Gabriel, was born on December 16, 1985. "He has been a great joy from the moment of his birth." Send congratulations to Nick at 92 E. Main Rd., Little Compton, RI 02837.

An engineering manager for Motorola, DAVID "Felby" FELDBAUMER '80 informs us, "Any brothers out Arizona-way give me a holler, and we'll share the beauty!" Give "Felby" a jingle at 701 W. Park Ave., Chandler, AZ 85224.

Maintenance engineer JOHN W. MORRISON '75 writes that he intended to move into a new house in January 1987. Greet John at 236 Bertha Ave., Woodstown, NJ 08098.

Having moved to New York City, JONATHAN S. PETTEE '81, an investment banker for Morgan Stanley, informs us that he has heard from DEAN B. HARWOOD '81, MICHAEL G. RANTZ '81, PETER B. DREYFUSS '80, and EDWARD A. BERLIN '81. "Guy" writes, "I'm incredibly pleased that *The Muse* is finally being done in a professional manner, as it should be, and I'm sure it will yield better alumni support. 'The Doll' looks as fit as ever in the fall *Muse*. Keep the faith and build another winning intramural hockey team." Contact "Guy" at 103 W. 75th St., New York, NY 10023.

Since his retirement from teaching in a community college in California, GEORGE C. GRUBB JR. '44 informs us that he has been traveling to keep in touch with his five children, seven grandchildren, and one foster grandchild. George also reports that he has visited RUSSELL W. MUNKENBECK '42 at his farm near Cooperstown, New York. He adds, "Did not know Dolly Hailstork, but your report of his retirement reminded me of Annie, who used to reign in 'the pit,' as we called the old kitchen (and it was), and Mr. Allen, the houseman. Glad to have news of BENJAMIN R. ANDREWS JR. '40, my first Sigma Pi friend and brother." Address warm wishes to George at 608 N. Quince St., Olympia, WA 98506.

### DECEASED

We regret to report the deaths of the following alumni:

WILLIAM C. W. CHILD JR. '37, October 29, 1985  
 ALBERT HAYWOOD JR. '21, April 7, 1975  
 WILLIAM J. SCHRADER '65, April 30, 1986  
 L. NAPOLEON ST. JAMES JR. '27, July 3, 1979  
 MATTHEW J. WARD '22, November 29, 1986  
 J. BOONE WILSON '29, April 12, 1986
